## EXCEPTIONAL ARTISTRY IN EVERY BOX

## PROLINE CROWN AND BRIDGE

It is no secret that patients want and expect the best quality their money can buy. With high expectations for esthetics and increased functionality, patients want and deserve nothing but the best at a price they can afford. PROLINE is the answer.

Pittman Dental Lab is able to offer luxury dental lab quality at competitive prices. With over 40 years of restorative experience, Pittman delivers reliable, beautiful restorations that increase patient acceptance and keep costs manageable.

**THE PROLINE ADVANTAGE:** Each PROLINE case is assigned to our dedicated team of technicians certified and trained in industry leading programs such as Dawson, LVI, and CDT. Each case undergoes eight different quality control checkpoints during production to ensure more than just patient and provider satisfaction. We want you to be thrilled with the result.

Well made crowns give your patient confidence and a natural looking smile. For patients who desire advanced characterization or highly esthetic restorations, we provide the answer with PROLINE crown and bridge.

### FEATURES:

- Extended 7 Year Warranty
- All Premium Materials
- Advanced Shading
- Advanced Characterization
- Custom Gingival Tinting
